" -Gerald Ayieye

"When I first set out into pig farming, I had just a few piglets and big dreams but no capital. I turned to BAT Sacco for a small loan. With those funds, I bought quality piglets, constructed basic pigsties, and purchased feed. Within six months, I had healthy piglets growing fast and a ready market waiting. I reinvested my profits into adding more animals, improving the pens, and sourcing better food. Today, I'm rearing over 60 pigs, selling regularly to local buyers, and earning enough to support my household. My Sacco didn't just lend me money they guided me with financial education and loan options tailored to my farming cycle. I'm deeply grateful to my Sacco and financier for believing in me its truly been a game changer."

" PATRICK MAINA THIONGO

With BAT Sacco, you don't just get financial support, you find a true financial pillar."
